

REMARKS

I. **CLAIM AMENDMENTS**

Please do not enter any amended pages submitted under either PCT Article 19 or PCT Article 34. The claims are amended to place the claims in a format more consistent with U.S. practice and to eliminate multiple dependencies. New claims are also added.

II. **SUSSTITUTE SPECIFICATION**

Applicants respectfully request that the specification be replaced with the enclosed, clean "substitute specification". No new matter has been added. Applicants also enclose an annotated version that illustrates the marked changes from the immediate prior version.

Entry of the Amendment prior to calculating the filing fee is respectfully requested.

Respectfully submitted,
